

# Inventory

*The SkyBOOKS Inventory Module is customizable, allowing users to design their inventory to fit one or many types of operations across multiple business units.*

## FEATURES

**Customers can** quickly and easily add, track, edit and expand components, consumables and tools from their inventory.

**The Inventory Module** interfaces directly with the SkyBOOKS system allowing visibility to components installed on aircraft currently tracked in SkyBOOKS.

**The ability to** quickly and easily define custom locations for uninstalled components, consumables and tools to fit multiple operations.

**In addition to** detailed component information, users are able to track disposition, condition, cores, warranty information, shelf life, stocking levels and the costs associated with them by user defined alerts.

**Vendor information** will be stored and available throughout the system.

**A robust reporting solution** developed to allow users to export inventory data.

**Inventory Transaction Register** tracks the full life cycle of components within inventory.

**Common Maintenance Forms** can be quickly and automatically generated for parts in inventory.

**Customers can manage** and set alerts for calibration requirements associated with tools in inventory.

The screenshot displays the 'COMPONENT INVENTORY LIST' interface for the date 'MAY 19, 2008'. The interface includes a navigation menu at the top with options like 'My Aircraft', 'Mx Tracking', 'My Flights', 'Pilot Currency', 'Fit Planning', 'Expenses', 'My Profile', 'Acct. Admin.', 'Site Admin.', 'Inventory', 'Warranty Admin', and 'Help'. Below the menu, there are search and filter options, including a search box labeled 'SEARCH BY:' and a checkbox for 'SHOW ALTERNATE PART NUMBERS'. A table of inventory items is shown with columns: TRF, REM, DOC, TAG, PART NUMBER, PART NAME | DESCRIPTION, SERIAL NUMBER, CONDITION, STATUS, QTY, and UOM. The table lists several components such as 'COMPRESSOR', 'STARTER GENERATOR', 'MOTOR ASSY CABIN O/H', and 'ADR CYCLE MACHINE'. A sidebar on the left shows a tree view of inventory categories: 'CURRENT INVENTORY', 'MAIN LOCATION', 'COMPONENTS', 'CONSUMABLES', 'AIRCRAFT', 'TOOLS', 'ALTERNATE LOCATION', 'PENDING', 'INBOX', and 'OUTBOX'. At the bottom, there are options for 'CHANGE PAGE: 4 5' and 'DISPLAYING PAGE 1 OF 1, ITEMS 0 TO 0 OF 0'.
